Lufkins Dahlia Gardens

Dahlia List 1925

ANDREW LUFKIN

6 Harrison Avenue
GLOUCESTER, MASS.

Visitors welcome to our trial garden
at above address

TELEPHONE 1027-W

To Our Customers

WE take great pleasure in presenting you with our new Dahlia Catalogue for 1925. We do not list a large collection, but such varieties only that have been selected for their superiority in color, perfection of form, length and stiffness of stem, continuous blooming, etc. We list only novelties and standard varieties of real merit, based on actual experience and personal observation.

Early orders are solicited.

Terms: Cash with Order or in advance of shipment.

Guarantee: We guarantee all tubers and plants to be healthy and true to name. If not satisfactory, they should be returned upon delivery.

Substitution: We do not substitute except upon permission.

Garden sales, and orders taken at Dahlia Shows have again cleaned some varieties so close that we will be unable to list them here, and many on this list are limited.

A word about Green Plants

WE offer many varieties in Green Plants very reasonable. These are not little rooted cuttings or large, soft Greenhouse plants that are liable to die when planted out. If you have had poor luck with dahlia plants in previous years, for your sake we ask you to give our Green Plants a trial.

They are good healthy plants hardened off in cold frames, well rooted and ready to go ahead and plant. Furthermore our method of packing plants is such that they will reach you in good growing condition. We prefer Green Plants for several reasons. They produce better flowers as well as better tubers, which are cleaner and free from disease.

Many of our customers who were formerly prejudiced against plants, now order them almost entirely after trying them.

Don't think you live too far to buy plants as we have sent them most everywhere in the United States and Canada.

Abbreviations: C signifies Cactus; Dec, Decorative; H. C. Hybrid Cactus; P, Peony; and S, Show

Price List and Description

	Tuber Plant	
World's Best White (Murphy) Dec.		
Very large white blooms far above the foliage, with extra long stems	5.00	2.50
White Sister (Stout) Dec.		
A beautiful, white decorative dahlia, a free bloomer producing flowers on very stiff stems	6.00	3.00
White King (Murphy) Dec.		
Very large white, wonderfully built flower, extra large with beautiful foliage, very good for exhibition	5.00	2.50

WE RECOMMEND

For disbudding and disbranching \$1.50

For separating tubers \$2.50

Having used both this past season we find them excellent

Glory of New England

The color combination of this wonderful new Dahlia is superior to anything that we have ever seen. The ground color is a clear sulphur yellow while the florets are heavily tipped pure white. It is truly a mammoth dahlia and the formation is wonderful, never known to show its center or produce a solid yellow or white flower.

This new introduction is undoubtedly the largest yellow and white decorative ever introduced, originated by Mr. William MacKinlay in 1920 and has been a local sensation.

In introducing it we do so, believing that it meets all the requirements of a modern dahlia. The plant is a strong robust grower and a prolific bloomer. Flowers held erect on rigid stems. A wonderful garden dahlia and a great exhibition flower.

If you saw this dahlia growing as we did the first time you would want it.

To be distributed in 1926.

A Few Testimonials

A Gentleman from Portland, Ore., writes:

The dahlia plants you sent last spring did well with us. "Myra Valentine" is a beautiful flower with fine upright stem, large size, and attractive.

A Gentleman from Millville, N.J., writes:

My plants all did fine this year with the exception of one. Think something got into this one. Kindly send catalogue.

[This was from 40 plants]

A Gentleman from Colorado writes:

I am dropping you a line to let you know that the order for dahlia plants received from you was extra fine. Every plant lived, and I had beautiful flowers. Wish you would send me the names of some you consider your very best.

A Gentleman from New York writes:

The dahlia plants were received this A.M. They arrived in perfect condition, not a leaf broken. You certainly have a fine way of sending them. I consider it a fine box.

Have many others but time and space prevent our printing same

GENERAL COLLECTIONS

For the benefit of those who are not familiar with the names of the different varieties of Dahlias or do not care to select particular kinds, these collections are put up in amounts ranging from \$8.00 to \$50.00 per dozen, and include the latest and finest varieties.

In ordering, simply specify the amount you wish to spend per dozen, and we will ship you a collection of Dahlias which will catalog at least twice the amount remitted; the selection of varieties being left to us.
